## Lake Country Libraries Memory Project

The Lake Country Libraries Memory Project is a partnership between four Waukesha County Libraries. Our mission is to provide programs to those affected by memory loss, Alzheimer's disease, and other forms of dementia. Our hope is to help create a dementia-friendly community.

The four libraries are the Delafield Public Library, Hartland Public Library, Pewaukee Public Library, and Town Hall Library.

The Lake Country Libraries Memory Project has been made possible by the participating libraries and the support of the following organizations:

- The Waukesha County Federated Library System

- The Aging and Disability Resource Center (ADRC) of Waukesha County
- WiscNet
- The Friends of the Delafield Public Library
