

Hello Memory Café Friends!

We hope this finds you safe and well. Please know that you are thought of often and we miss you!!

Now that the weather has gotten warmer and the trees are budding, we hope that you are able to spend some time outside in the fresh air and listen to the sounds of your neighborhood. What do you hear? Maybe it's birdsong or a dog barking. We can recognize those animal sounds, but can you recognize the sound of an elk? Neither could we! Have some fun testing your animal sound knowledge with Google Earth's Animal Sounds quiz. This fun quiz also provides you with information about each animal and shows you their habitat. You can access the quiz by clicking on this link:

<https://earth.app.goo.gl/xog5Wb>

You can also test your knowledge of musical instruments from around the world with Google Earth's Instrument Quiz. Was it the koto, acoustic guitar, or banjo that switched to steal strings as a way to modernize? You can access this quiz using the following link:

<https://earth.app.goo.gl/9EwJZZ>

How about some things closer to home? Here is a link to a quiz with 20 common sounds. Can you guess what they are?

<https://youtu.be/n1m4h79JZso>

We hope you enjoy these sound quizzes. Hopefully we will be able to listen to each other in person again sometime soon. **Please keep an eye out for an important email including a survey regarding reopening Memory Cafés. We value your feedback.**

Stay healthy and we hope to see you soon!
